

SMART EFFICIENCY FINANCING IS HERE

A better way to pay for
your home upgrades

Why RenewPACE?

**EASY
FINANCING**

**GOVERNMENT
SUPPORTED**

**SUPERIOR
CUSTOMER SUPPORT**

**ENERGY
SAVINGS**

RenewPACE is a government-supported financing program from Renew Financial that provides upfront funding for home energy efficiency, renewable energy, and wind resistance improvements. Simply apply, complete your projects, and repay on your property taxes over the course of up to 25 years.

RenewPACE is a Property Assessed Clean Energy program. This innovative property-based financing is based on the equity you have in your home, not credit score. It was created by national energy finance leader Renew Financial in partnership with state and local governments to encourage energy efficiency while creating jobs.

Efficiency. Financed in Five Simple Steps.

1

ESTIMATE

Contact a Registered Contractor to get an estimate for qualified improvements.

2

APPLY

Easily apply online or by phone.

3

SIGN

Complete and sign financing documents electronically.

4

INSTALL

Your selected contractor completes your home efficiency upgrades.

5

REPAY

You pay back the financing annually on your property taxes.

Get started. Apply online at renewfinancial.com/renewpace or call 844-736-3934.

Increase your home's comfort and save resources. Easily.

RenewPACE is a smart solution for homeowners:

Government-supported financing

RenewPACE is a public/private partnership designed to support homeowners, and communities too. That's financing you can count on.

True Fixed Rate™

When you choose RenewPACE, you're assured an affordable fixed interest rate.

Local registered contractors

All projects financed are completed by RenewPACE Registered Contractors in your community who have been trained on our financing and meet program standards, including having proper licenses and insurance.

"After looking at a number of different ways to finance the work, Renew Financial offered by far the best choice. I can make my home more comfortable and more energy efficient while increasing its value. It's a win all around!"

— JEFF S, Homeowner
