

## American Built Arms Company Announces the A\*B Arms Bolt Carrier Group Dealer Program

**Glen Rock, PA (July, 2018)** – American Built Arms Company ([www.abarms.com](http://www.abarms.com)) is pleased to announce the launch of the A\*B Arms Bolt Carrier Group Dealer Program. The BCG Dealer Program is being offered to AR manufacturers, both large and small. The program allows AR manufacturers to purchase nickel-boron coated 5.56 BCGs direct from A\*B Arms at a discount depending upon quantities and length of blanket purchase orders. The A\*B Arms BCG Dealer Program allows AR manufacturers to build their rifles and uppers with the best quality BCGs in the industry.”

“An AR manufacturer can now build their rifles and uppers with our legendary nickel-boron coated 5.56, Swiss machined bolt assemblies housed in nickel-boron coated bolt carriers,” says A\*B Arms Founder and President Jason Combs. “Our BCGs allow manufactures to build their rifles and uppers with the best quality BCGs in the industry. Because in the end, it’s what’s inside that counts.”

The A\*B Arms BCG Dealer Program provides a dependable vehicle for AR manufactures to be guaranteed BCGs on a monthly, quarterly or annual basis. Contact A\*B Arms today at [customerservice@abarms.com](mailto:customerservice@abarms.com) or by calling Adam Edelman at 443-310-8777 to discuss your Dealer options.
