

MOZAIK

MOZAIK Folder is the newest folder design from Louis Krudo. Breaking the mold, he went back to the drawing board and rethought every aspect of his design philosophy. Krudo wanted out of the pocket deployment, artistic lines, high functionality and sex appeal all in a knife like no other.

MOZAIK meets every one of those requirements and more. With the carbon fiber scaled handle and smooth lines, MOZAIK is the ultimate in understated refinement while upholding its purpose for utility and reliability.

Make no mistake, MOZAIK is not just for the sharp dressed. It is as tough as the KRUDO brand and made to last. The multi-grind SINGLE EDGE blade makes every job easier. Bring it on your off-road trips, on the job, camping, hunting or on your motorcycle ride.

Having MOZAIK with you is the reassurance of knowing you are carrying what matters, because
When What You Carry Matters, carry a KRUDO.

MOZAIK Folder Specifications

Blade Steel 9Cr18MoV
Blade Thickness 0.187"
Blade Length 3.6"
Single Edge
Overall Length 8.25"
Weight 5.7 oz
Hybrid Frame Lock
