

GO POWER! SOLUTIONS ENTERS RVX SHOWCASE AT NEW INDUSTRY EVENT

Solar power leader highlights mobile power solutions at Salt Lake City RV show

VICTORIA, B.C. (JANUARY 31ST, 2018) — Go Power! — the leading provider of solar and mobile power solutions since 1996 — is pleased to announce that its solar solutions have been chosen as part of the ‘**Aftermarket Experience Showcase**’ at [RVX](#), the recreational vehicle industry’s premier dealer-focused event, to be held on March 12-14, 2019 in Salt Lake City.

As part of the Aftermarket Showcase, Go Power! will be displaying its 200W Portable Solar Kit, 760 W Solar AE-4 Kit, IC Series 3000-Watt Inverter Charger, and its newest product, the Battery Monitoring Kit and Bluetooth Dongle.

“We’re thrilled to be exhibiting at RVX,” says Mike Stephens, Managing Director at Go Power! “And especially excited to be chosen as one of the many leading-edge RV solutions in the Aftermarket Showcase.”

Victoria’s Go Power!, a subsidiary of California-based Valterra Products, provides mobile solar power solutions to RVers, off-grid adventurers, and boondockers.

The ‘Aftermarket Experience’ booth, a joint project of the RV Industry Association and the RVX Aftermarket Committee, will display a number of RV-focused technology solutions, including:

- Solar and power solutions
- Jacks and leveling systems
- Safety
- Electronics
- Camping supplies
- Water conservation and sanitation

These innovative technologies will be showcased in a 2019 Thor Crossroads Volante 5th Wheel provided by Motor Sportsland.

RVX will be held at the Salt Palace Convention Center in downtown Salt Lake City on March 12th-14th. In addition to the wide range of international exhibitors, the show will feature industry award presentations and a broad selection of industry, technical and RV sales/operations workshops.
