

Jaeger-Unitek Announces Exclusive RV Distribution Partnership with Collins & Company Monday, March 4, 2019

Jaeger-Unitek Sealing Solutions, a leading thermoplastic and rubber profile extrusion producer announced today, their exclusive recreational vehicle distribution partnership with Collins & Company.

Since Collins & Company was founded in 1997, the company has become the go-to distributor serving leading recreational vehicle manufacturers with a diverse range of products.

The new partnership provides Jaeger-Unitek with increased access to RV customers for expansion of engineered sealing solutions and further diversifies the portfolio range of distributed products with Collins & Company.

“Collins & Company brings over 22 years of industry expertise and outstanding long term relationships. Their ability to identify customer needs for new product solutions, combined with their strong sales and distribution team, will lead to our RV customers gaining direct access to our latest sealing innovations,” said Kevin Casey, President, Jaeger-Unitek. “We are very proud to make this important announcement, especially with the RVX trade event fast approaching on March 12-14, 2019 in Salt Lake City”.

“We are thrilled to forge our new partnership with the Jaeger-Unitek team in order to help our customers’ solve difficult sealing requirements, especially in the area of RV slide-outs,” added Rich Collins, President, Collins & Company. “Jaeger-Unitek utilizes high performance polymers based on their extensive automotive sealing experience. Their patented Flip ‘N Seal® Slide-Out Sealing System in the RV market has led to customers rapidly converting to this state-of-the art technology”.
